				Static	Dynamic	Racking	Full Truck	LTL
	3 wide runner	Open	48.5 x 45.5 x 4.9	8800	4400	NR*	520 per Truck	20 per Stack
			1232 x 1156 x 125	4000	2000	testing req'd		

Benefits

1. Designed to triple stack Octabin's full of resin without stapling down the bin. 100% plastic construction produces zero F.O.D.
2. STRONG pallet. Replaces 4 stringer ½" wood pallets in the resin and chemical industries
3. Perfect for Automotive Supply Chains. Automates and stacks bulk bins perfectly
4. Durable product that excels in the heaviest Industrial applications. Commonly used to stack 55 gallon drums & bagged goods
5. The MOST hygienic. 100% plastic construction, nothing biological can grow on plastic
6. Automation friendly! There is NO better pallet for your automation needs. No nails, splinters or F.O.D.

Uses

7. Stop product & personnel damage today. No nails or splinters to injure staff or product packaging
8. Unitization issues GONE! Closely spaced deck, no board spacing issues. 6 runner base evenly distributes load, no hot spots or stability issues
9. Mold & Fungus issues solved. Impervious to liquids. No mold, mildew, fungus. Nothing biological can grow on a plastic pallet
10. Problem Free pallet! Remove all hygienic, mold, bacteria, ISPM15, USDA, FDA issues today. Fraction of the weight, zero of the issues
11. Decrease staff injuries & OSHA incidents. Increase moral! Only 24 pounds, 50% lighter than standard wood pallets. No nails or splinters to injure staff
12. Brand Equity. Avoid compliance and customer complaint that damage your reputation and balance sheet
